● *Festival Details:*

✚ The Korean Morning Calm flower garden was first designed in 1996. Professor Han San-kyung of Sahmyook University was the one who came up with the idea with the desire to spread the beauty of the soul of the Korean people through plants.

flowers. Not only planting a flower garden, the professor also wanted to create a special art space.

 Korean Morning Calm Flower Garden is one of the beautiful scenic coordinates that tourists visit when they have the opportunity to visit the land of kimchi. Everyone knows that Korea is famous for its flowers, flower fields and flower streets. But when you come to Morning Calm, you will once again be satisfied with the beautiful scenery.

✚ Morning Calm is a private flower garden located in Gapyeong district, Gyeonggi province. For locals and tourists alike, this is one of the most beautiful flower gardens in Korea. Unlike many other gardens, Morning Calm is a combination of flowers

and herbs and classical and modern art space, creating a special and unique impression.

 *Morning Calm Korea Flower Garden has a large area with more than 5000 species of plants planted throughout the campus. In particular, there are about 300 species of flowers and plants indigenous to the land of kimchi, considered the "soul" of the beautiful Baekdusan mountains.*

✚ For tourists who love nature and enjoy beautiful scenery, Morning Calm is the coordinates that you should visit once in your life. Here, there are not only famous and popular flowers, but also many rare plants. According to statistics, every year, about 600,000 visitors visit this beautiful flower garden.

✚ *Morning Calm owns an extremely large area, divided into 20 small gardens inside. Each garden will have its own theme, such as Hometown House Garden, Bonsai Garden, Moonlight Garden, Sky*

Path, Garden of Eden, etc. Depending on the theme, each garden chooses suitable plants and flowers, ensuring no Time is always in love, also poetry throughout the four seasons.

✚ Among the small gardens of Morning Calm, the most prominent is the Sukgeun garden. This garden is designed to look like the Korean peninsula. Here, the flower beds are carefully cared for and selected, very beautiful, symbolizing the harmony and reunion of South and North Korea.

+ Beautiful, poetic and brilliant all year round, Morning Calm flower garden is always a beautiful destination in Korea that is loved by many tourists. Not only local tourists, international tourists but also photographers often come here to save beautiful moments of nature and flowers.
